As temperatures were expected to soar to an unseasonably searing 102 degrees in our hometown

Huntington Beach the SOB's are heading out for the High Desert town of Banning Ca. This little city may not look like much to the passers by but there is much history steeped into this little community. It is believed that Banning was once the site of a prehistoric lake as just in 1965 a Mastadon bone from prehistoric times was discovered— And little did the SOB's know that they were staying in what was once a very important Stagecoach stop in the late 1800's during California's goldrush period. In 1876 the railroad replaced the stagecoach but Banning remains today known to the world as Stagecoach Town USA.

This campout may have not ever gotten off the ground if it had not been for the heroic efforts of Carole Wulterin was tasked with crawling through a tiny window to help regain access to the Langham rig after the keys were locked inside. It's great to know on your fellow campers.

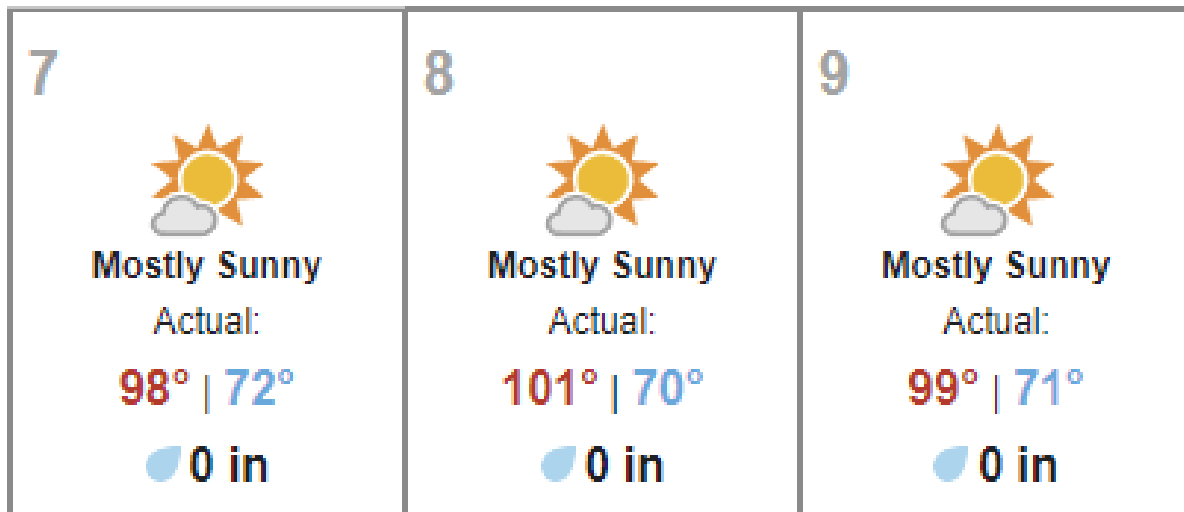

After the campers were parked and settled most of the group decided to dine at Casa Cruz or what some local construction workers referred to as the best Mexican food in Banning, thank you to the Dave Schultz for figuring that out!

This campout was put on by the P.I.M.P.S (past wagonmasters) and their significant others, they plan and provide food and they certainly did not disappoint. Friday night the P.I.M.P.S prepared an amazing baked ham dinner with potatoes au gratin, salads and ice cream. The Ham was delicious as were all the trimmings, our hats off to the cooks! After dinner most campers stayed for games and socializing in the clubhouse.

Saturday began as well as it possibly could have with Bloody Marys, Mimosas, pancakes and chorizo with eggs. Later that same day we had originally planned to play bean bag baseball

but with the high desert heat opted to stay inside the air conditioned club house instead for some Chase the Ace and friendly Poker. Some of the campers took advantage of the nearby shopping outlets, some enjoyed the shade and social time, some just enjoyed the beautiful weather and there was plenty of places to walk and explore. Happy hour began at 5PM followed by a delicious dinner of Hawaiian chicken, rice,

pineapple coleslaw (yes, it's a thing...and it's amazing!) pie and ice cream, again...great job to the cooks!

Dinner was followed by games and socializing, which was followed by some fireside festivities, that is until it was quieted down by a bizarre visit from what seemed to be a Swedish Sleepwalker. Thank you Annie for the laughs.

Sunday was a nice continental breakfast where we retired our 2021/2022 board Wagon Master Annie Anderson, Assistant Wagon Master Carol Wulterin and Secretary Marsha Goetjen. We thanked them for the service and Harvey presented Annie

with a beautiful hand-crafted schooner for her to display proudly on her mantel and remember. Annie was in possession of that cup for what may have been 20 minutes before dropping it on the floor and breaking it into tiny pieces.

Thank-fully Bonnie Stramer will remain on board as Treasurer. Harvey Langham swore in the new officers Wagonmaster Steve Saitman and Secretary Sandra Saitman.

***Say Thank you to the outgoing Board Members.
We have big shoes to fill.***
